Unparalleled Tactile Performance

Sub harmonics On Steroids - The Quake 10.0 is an awe-inspiring sub harmonics unit designed for special effects enhancement. You can now add super powerful, low frequency effects without using costly hydraulics or bulky subwoofers.

Control sound pressure levels throughout your home, car, attraction or venue by effectively isolating the low end to your seats and flooring. The Quake 10.0 virtually eliminates low end "resonating" into adjoining areas.

Designed for superior music quality, the Quake 10.0 answers the need for both accurate low frequency response and maximum tactile effect. Music has never been more powerful and effective.

Insane Power - One Quake 10.0 can easily replace 3, 4, or even 5 commonly sold shakers and move 2 or 3 theater seats or a sizeable platform.

More Accurate - Designed by world-renowned engineer Joseph Sahyoun and team; the Quake 10.0 is musically perfect, with a tight and distinctive transient response.

Smaller - Only 3 9/16" tall and 6 3/16" wide the Quake 10.0 can satisfy more space limitations than any other transducer on the market.

Almost Indestructible and It's Maintenance Free - With only one moving part, and a cast aluminum heat sink for heat dissipation and protection, the Quake 10.0 is the only shaker you'll ever need to buy.

More Bass Less Bucks - The Quake 10.0's unmatched combination of power, reliability and afford ability make it the most comprehensive solution for your special effect needs.

Special Applications:

- * Home Theater
- * Mobile Audio
- * Gaming
- * Platforms
- * Music
- * Animal Training
- * Military

FEATURES

- Universal mounts
- Platform mounting
- 2x4 mounting
- Chair mounting
- Less than 7" long & 4" tall
- Flat wire aluminum voice coil
- Thermal protection
- Rugged cast aluminum heat sink
- 2" excursion @ 22hz
- Enhanced LFE

SPECIFICATIONS

Rec. Amplifier Power: 40 - 1000 Watts
 Impedance: 2 Ohms
 Frequency Response: 5 - 70 Hz
 Dimensions (HxWxD):
 H = 3 9/16" • 90.4875mm
 W = 6 3/16" • 157.1625mm
 D = 3 9/16" • 90.4875mm

MODEL	MSRP
Quake10.0	\$599.00
